**Pay it safe with Zelle®**

Zelle® has become one of the most popular ways to send money online — more than 100 million people use the payment app to transfer funds.

Unfortunately, the ease of moving funds via the peer-to-peer service also makes it popular among fraudsters.

The most effective way to protect yourself from Zelle® scammers is to **NEVER** send money to someone you don't know. If someone contacts you and asks you to send funds with Zelle® right away, don't respond. Instead contact us and we can verify recent activity on your account.

Be suspicious of requests from people you don't know, especially if the situation is presented as "urgent" with a short deadline and frightening consequences.

**NEVER** share your login, password OR two-factor authentication passcode with anyone.

*Usually, once your money is sent using peer-to-peer payments, it's gone for good.*

The credit union celebrated National Pet Month in May by collecting donations for Peoria County Animal Protective Services (PCAPS). Staff was able to wear jeans the last week
