A message from the Chairman

Dear Valued Members,

As Chairman of CCNCU, I am proud to say that our success is built on the foundation of your trust, support, and commitment. Every decision we make is with your best interests in mind, and we are continuously striving to provide you with the tools and services that empower you to achieve your financial goals. We believe that when you succeed, we all succeed, and together, we create a stronger credit union.

In the future, we will continue to enhance our offerings, ensuring that you have access to the latest financial products, resources, and educational opportunities. Your success is our priority, and as we grow and evolve, we remain dedicated to supporting you every step of the way. Thank you for being a part of our Credit Union family—we look forward to achieving even greater milestones together.

Sincerely,

John Machens

Chairman of the Board, CCNCU

For 75 years, Tazewell County School Employee Credit Union (TCSECU) has transcended the role of a credit union; we've become a community of visionaries, achievers, and changemakers. We firmly believe in the philosophy of people helping people, standing alongside our members, and creating positive change every day.

Join us in celebrating this remarkable journey with a special gift available at our Pekin office in April while supplies last. Here's to 75 years of trust, influence, and collective success – and to forging an even brighter future together.

Debit Card Protection

Five things to keep in mind

1. If you suspect your debit card information has been compromised, turn it off through your **CCNCU CardNav mobile app**. You can also control the types of merchants and transactions approved with your debit card.

2. You may occasionally receive email, text, and phone notifications from our fraud monitoring service if a suspicious transaction is attempted. (Our fraud number is 866-518-0213 & text short code is 21556). These notifications will not ask for your card number but will ask you to verify the legitimacy of the suspicious transaction.

3. Contact us before traveling. Whether you're heading out for business or taking a family trip, call us. When you use your debit card outside your "normal spending area," your card could be flagged as "Fraud."

4. Do not click on links from unexpected texts or emails, particularly those claiming that the recipient is eligible to claim a prize. If a link is clicked, do not input debit card information or login credentials for online accounts.

5. If you receive an email from a merchant indicating a charge to your account, look for misspellings and grammatical errors in the email. If the email does not include information on how the merchant will initiate the transaction (e.g., the last four of the account or debit card numbers), it is likely a phishing scam. Call the merchant at the number listed on their official website to confirm, rather than any phone number or email address from the email.
